

Commitment to Serve Kids

Our goal is to be used by God to encourage our children and parents to know and love the Lord and love each other.

- **Be loving and enthusiastic.** During class, please make the most of your time by caring for every parent and child that comes into your room. Don't be afraid to have fun/be silly with the kids. Have a positive attitude. Volunteers should not bring their own children with them to class. (We are limited in space.)
- **Be prepared and on schedule.** Please show up 15 minutes before your class begins. Be ready to teach your lesson, craft and/or activity before you arrive to church. If you arrive prepared you will be ready to start ministering to hearts before the class officially starts. God cares about our kids and we want to serve them well. Please follow the classroom schedule. A class routine helps provide a stable environment for the children.
- **Be a godly example.** Be a godly leader for our kids inside and outside the classroom. Honor Jesus with what you do and say. All volunteers need to be approved before volunteering and must be youth group age or older.
- **Be a team player.** Every ministry has a team leader to direct a ministry team. Team unity is an essential part of our success in ministry. We have one hour in each class to make an impact for Christ. Help us make the most of it together. If for some reason you know you can't volunteer on your assigned day, please find a sub or let your team leader know.

***NOTE:** Do not discipline children beyond time-out, if an issue arises please contact a staff member. – If a child does need to sit in time out, always inform the parents.*

BY SIGNING BELOW. I agree to follow the schedule. I have filled out the questionnaire. I agree to uphold the commitment to serve.
